Aowei supplier document package

Order reference 261001102RO | 22 October 2026

Please complete and return the commercial and technical forms using the actual supplied product and shipment details. The relevant declarations must be issued by the responsible manufacturer or authorised person.

Pages 2–7 — Commercial invoice, packing list, technical specification, battery and charger specification, EC declaration form and shipment documentation record.

Pages 8–9 — Original seller invoice and technical sheet.

Pages 10–20 — All eleven original seller images, including certificates and declaration.

The following signature pages contain no review annotations. Blank fields must be completed and the contents verified before signature. The machinery declaration form applies only to complete machinery under Directive 2006/42/EC; the manufacturer must use the appropriate declaration if a different product status or legal regime applies.

The original-document appendix is provided for reference during revision. For dispatch, supply the final applicable documents corresponding to the delivered model and serial number. The internal review and change explanation are separate documents.

The four MP4 recordings from the original folder are not embedded in this static PDF and may be sent separately.
